### **DETAILED ACTION**

Receipt is acknowledged of the request for reconsideration filed 12/22/2009.

The rejection under the obviousness-type double patenting rejection is withdrawn in view of applicants remarks.

A patentability review revealed these rejections and objections:

The disclosure is objected to because of the following informalities: The list of literature cited in pages 36-45 should be deleted. Applicant should make sure these have all been cited on an information disclosure statement.

It is also noted that although DENTSPLY is not set out in the claims, it should be accompanied by generic terminology.

Appropriate correction is required.

### ***Conclusion***

This application is in condition for allowance except for the following formal matters:

Correction of the specification as described above.
